Bid Whist for Windows

This is the best electronic Bid Whist game ever created!!! It works on Windows 95,98,ME,NT,2000 and XP. It plays with a standard 52 card deck, two jokers, a six card kitty, with trump and no trump. You play with a computer partner against two computer opponents. You can save and recall games, show the history of what cards were played for each hand, print all hands, change card backs, create a game by giving each player and the kitty any cards you desire, practice game scenarios by undoing a play to try a different play, set the titles of the players, set the dealer, sort your cards, cut the deck, enable sound and produce statistics. This game is for experts and beginners.

The Unwritten Rules of the Road by Michael A. Dantley

...With over a million miles behind the wheel, and more than 35 years of driving experiences east of the Mississippi, Michael 'Spike' Dantley has seen the drastic decline of basic negotiating skills in the young, the old, and far too many in between. The blatant lack of awareness on today's Interstates makes a treacherous trip out of even the shortest of commutes. Cell phones, Nav systems, directionally challenged folks, 'New Americans', and a vast disregard for The Unwritten Rules of the Road makes you wanna 'holla'! Why would anyone on an Interstate be in the far left lane looking for an exit ramp that we put on the right? And oh, by the way, guess whose life they are willing to sacrifice so their exit isn't missed: Yours.

The Unwritten Rules of the Road is available for about \$10 on the websites of Authorhouse, Amazon, Bookreview, Olssons, Barnes/Noble and 2,000 other book-peddalling websites. Please buy them by the box, bag or bushel knowing we appreciate your business.

Preparing for Success in Corporate America – College Guide.

Preparing for Success in Corporate America – College Guide is a must for college students and was designed to help them understand the active role they must take in planning for life after college and the steps required to posture themselves for corporate success. It takes the reader through a comprehensive planning and preparation process, which covers every stage of the transition – from college to corporate -- to ensure professional achievement

In the spirit of promoting minority education and professional success, it is my hope that you will consider posting the release of my book via BIG channels. Note: If you are not the right POC, please point me in the right direction. **Additionally, *Preparing for Success in Corporate America – College Guide* may be purchased by valid vendors (i.e., churches, colleges, and professional organizations) for 40% off the regular retail price by going to www.authorhouse.com (click on bookstore) or calling 1-888-280-7715.** Lastly, I would be more than happy to address college students or today's youth in any forum of your choosing (i.e., leadership conference or workshop) on the art and the importance of preparing for corporate success. My goal is to motivate and inspire students to plan for success and to take responsibility for their destiny.

Thank you for your time and consideration. Should you choose to contact me for further dialogue, I can be reached on 703-646-5451 (h); 703-482-2011; (w); 571-216-5663 (c); or lashawnsamuel@cox.net.
